

MSD OF MT. VERNON  
FIELD TRIP CONSENT

\_\_\_\_\_  
Student's Name

\_\_\_\_\_  
School

Throughout the school year, your student's class may take field trips as a part of the school program. Field trips are used to enrich the school program and to facilitate learning. We need parental approval for such activities.

We are asking that parental consent be given via this form for ALL field trips which your child may take with his/her class throughout their years at school.

The teacher will send home a notice prior to each trip, but it will NOT be necessary for the parent to respond each time. If you do not wish your child to participate in a particular field trip, you should contact the school and/or teacher when you receive notice of the trip.

I give my consent for \_\_\_\_\_ to participate in field trips to be taken by the class.
