

**BOARD OF SCHOOL TRUSTEES
METROPOLITAN SCHOOL DISTRICT OF MT. VERNON
BOARD WORKSHOP
SEPTEMBER 8, 2016**

The Board of School Trustees of the Metropolitan School District of Mt. Vernon, Indiana conducted a workshop on Thursday, September 8, 2016. Topics included:

GUARANTEED ENERGY SAVINGS PROJECTS

Representatives of Performance Services reviewed the scope of the Guaranteed Energy Savings Projects. Representatives from Ice Miller and Umbaugh presented financial options to finance the projects. The timeline and detailed information will be presented at the September 19 Board of School Trustees meeting.

HEALTH CLINIC

The Board received information on sharing health clinic hours with outside entities. The MSD of Mt. Vernon administrators will meet with North Posey school officials to finalize plans.

SCHOOL SCORING PROCESS

Administrators reviewed the A to F state scoring process for the schools for the past several years. Kyle Jones presented information to the Board on how the new state accountability formula would work for our schools.

OTHER TOPICS

A concerned patron requested the Board address topics related to information reported on the IDOE Annual Performance Report; personnel evaluations, salaries, and accountability; and marketing the school district. The Board responded by inviting the individual, and anyone interested, to attend the public school board meetings and/or board retreats as these items are routinely addressed. However, some personnel matters may only be addressed in Executive Sessions.
